

This architectural elevation drawing illustrates the facade of a building with a complex roof profile. Key features include:

- Roof Heights:** Three specific roof heights are indicated with dimension lines: 26.2 m on the left, 24.0 m in the center, and 26.2 m on the right.
- Structural Elements:** The drawing shows a series of vertical structural columns supporting the roof. There are two distinct roof sections with a series of small, pointed, gabled structures (possibly skylights or ventilation units) integrated into them.
- Facade Details:** The main facade is composed of horizontal bands. A prominent section on the right features a grid of small, square windows. To the far left, a curved staircase is visible, suggesting an external access point.
- Material Representation:** Different materials are represented by various hatching and shading techniques, including horizontal lines for solid walls and cross-hatching for the staircase area.

Architectural elevation drawing of a building facade. The drawing includes the following dimensions and labels:

- Overall width: 86.3 m
- Overall height: 26.2 m
- Height of the main section: 23.4 m
- Height of the left section: 16.9 m
- Height of the right section: 26.2 m
- Width of the main section: 24.0 m
- Width of the left section: 6.5 m
- Width of the right section: 7.1 m
- Labels: "Skjermvegg" (Screen wall), "Transformator" (Transformer), and "Generator".

Architectural elevation drawing of a building facade. The drawing includes the following dimensions and labels:

- Overall width: 100.1 m
- Overall height: 28.2 m
- Section label: Skjermvegg
- Vertical dimensions on the right side (from top to bottom):
  - 24.0 m
  - 23.4 m
  - 6.5 m
  - 16.9 m
  - 21.2 m
  - 2.7 m
  - 2.2 m
- Horizontal dimensions at the bottom (from left to right):
  - 14.7 m
  - 2.6 m (labeled as Gjerde, H=2.6 m)
- Other labels: Gjerde, H=2.6 m
